THE KYNEWISBOK

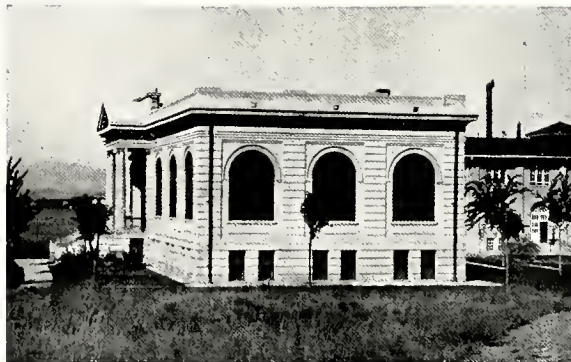

VOLUME TWENTY-THREE
CLASS OF 1921

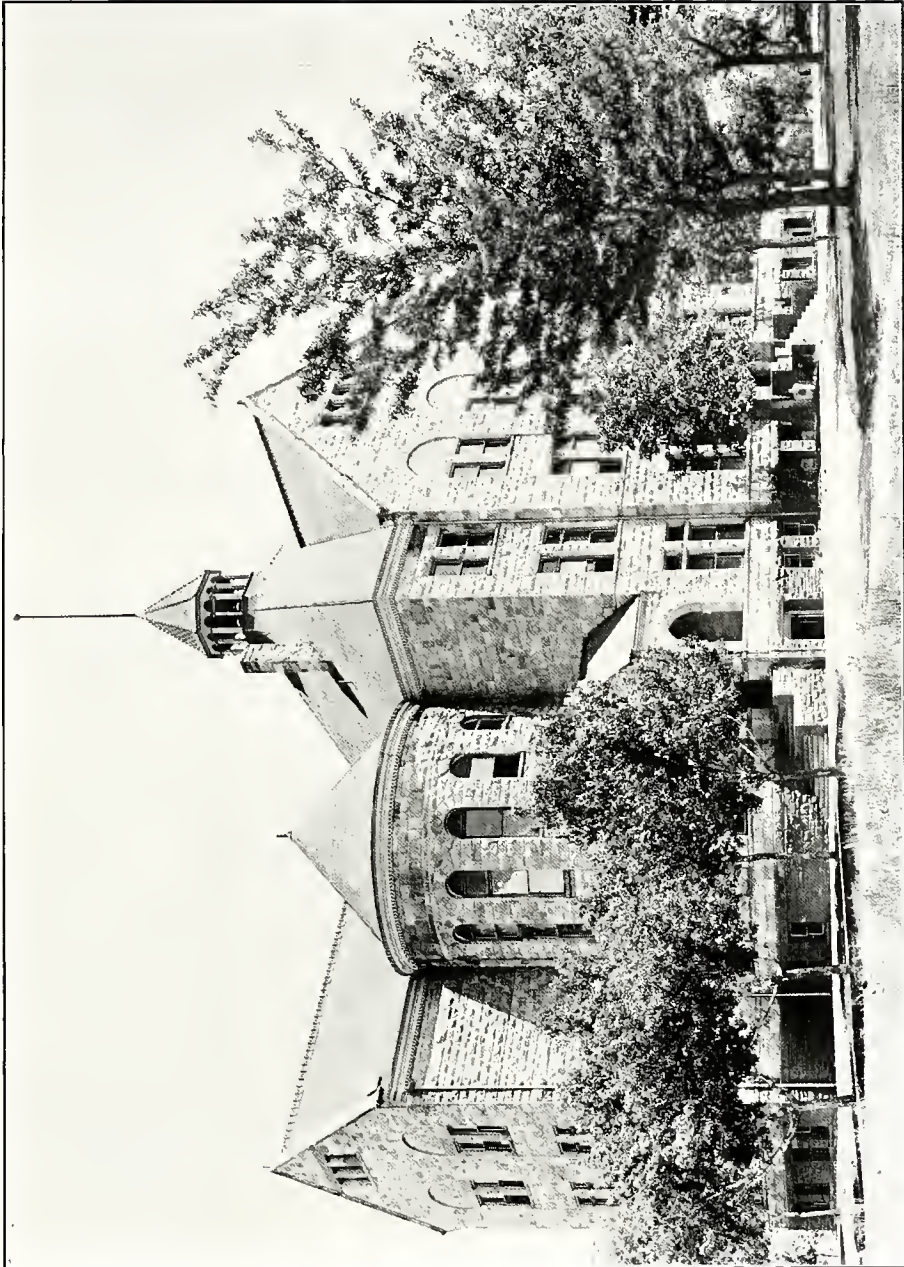

Library at Sunset

Our Moments of Meditation

On the steps of "our" library
 The sinking sunset falls.
 Sitting in its dying glory,
 Students wonder, with applause,
 What this gift of God's beauty stands for
 But to inspire us to higher "Laws."

Our West

"Will you come West or shall I go East
Before the spring grows old?
The flowers bloom 'long a western shore
In the East the sands are gold.
Over the heart of a peaceful sea
The lazy sunlight gleams,

While the fragrant voice of springtime
speaks,
Of dear, half-forgotten dreams.
So come to the West or I'll go East,
Why linger along the way,
Till we lose our love in the dust of things,
Youth lasts but a night and a day."

**Dean Herbert H. Howe and the Big Telescope
in Chamberlin Observatory**

Herbert H. Howe, Dean of Liberal Arts

KYNEWISBOK

To one who has given his unprejudiced
life to the service of mankind,
To one who has given his life in service
to the University of Denver—

HERBERT A. HOWE

We, the class of 1921, lovingly dedicate
this volume of the Kynewisbok.

Status of Endowment Campaign

By the Chancellor

CEASELESSLY for more than twenty years the University of Denver has been engaged in campaigns for adequate endowment. All the objectives have been attained in all these campaigns hitherto. The total amount of gifts secured during all these years aggregates about one and one-half millions of dollars.

First we had debts which aggregated one-third of a million dollars. These debts were all extinguished by Christmas in 1906.

Then we came into a building era and placed four new buildings on the campus. All of them are paid for in full.

During this period when we were erecting new buildings we naturally came into debt again on current expense account. These debts were finally extinguished three years ago, in February of 1917.

In the present endowment campaign to meet the conditions of a gift from the General Education Board we are making progress every day. We are now (28th February, 1920) a trifle more than \$100,000 nearer the goal than we were at the first of September in 1919.

We need yet to secure a total of \$137,000 to reach the objective now in view. Of this amount \$123,000 are necessary to meet the conditions of the balance of our expectation from the General Education Board, which is \$41,000. Then we need to secure \$14,000 additional to extinguish the balance of our debts on war account.

Hearty co-operation all around will make it possible to reach these objectives by the date of our Commencement, 10th June. If we cannot secure hearty co-operation, then it will take a long, long time to make an end of these anxieties.

During every year in the life of the University from the beginning we have had a distressing deficit. That means that we put an immense amount of money into students where we secure only a fraction of these expenses from the students in tuition. The deficit in every year has ranged from \$30,000 as a maximum down to \$15,000 or slightly less in the years when the institution had a small student body.

When the present objective is reached the total amount of productive endowment will slightly exceed three-quarters of a million dollars.

Associated Juniors

ANDERSON, JAMES

To live long it is necessary to live slowly.

ATTWOOD, FLORENCE

She is always above the crowd.

BELSER, DANAYLU

Danaylu is masculine in name, but otherwise very much of a feminist. Now the point is since opposites attract and since her heart is out in the West, which way does her pendulum of popularity sway?

BENSON, LESTER

He was so good he would pour rose water on a toad.

BESWICK, EDNA

In her conversation she has the air of one imparting solemn thoughts.

BLACKLER, RONALD

Discretion of speech is more than eloquence.

Associated Juniors

BLACKSTOCK, HELEN

Dear Mr. Editor: As this is my first year at U. of D., I thought I had better write and tell you a little about myself. I have dark hair and eyes, and have been told I am good-looking. I am a splendid entertainer. I read as one inspired, and while I don't really believe in it, I can flirt if the occasion demands.

Sincerely,

Helen Blackstock.

BORGESON, FRITZ

I'm the "Why" of the Y. M. C. A.

BOWIE, ALEXANDER

His aesthetic inclinations lead him to study law, to part his hair in the middle and to wear a tuxedo.

BRANDT, FERRIS

A little fellow—
With a pomp—
And a smile—
And a line.

BRISTOL, WILLIAM MERWIN

A second Adonis. The "Arrow-collar" man.

BROWN, AGNES

Did you ever see Agnes without Rose? Such friendships are few and far between, but Agnes is one of those few sincere girls whose very personality charms all who know her.

Associated Juniors

BUCK, ELOISE

We are trying dreadfully hard to keep
her interested, but they say over at the
Old Ladies' Home that even in her sleep
she sings, "I want to go back, I want
to go back, to my home in I-o-way."

BUTLER, ETHEL

So softly brown her fluffy hair,
So lustrous her brown eyes—
Small wonder that the men stand
'round
To hear her sweet replies.

CALAME, ALICE

A Southern accent is the only impedi-
ment in the flow of her conversation.

CARMAN, JESSIE

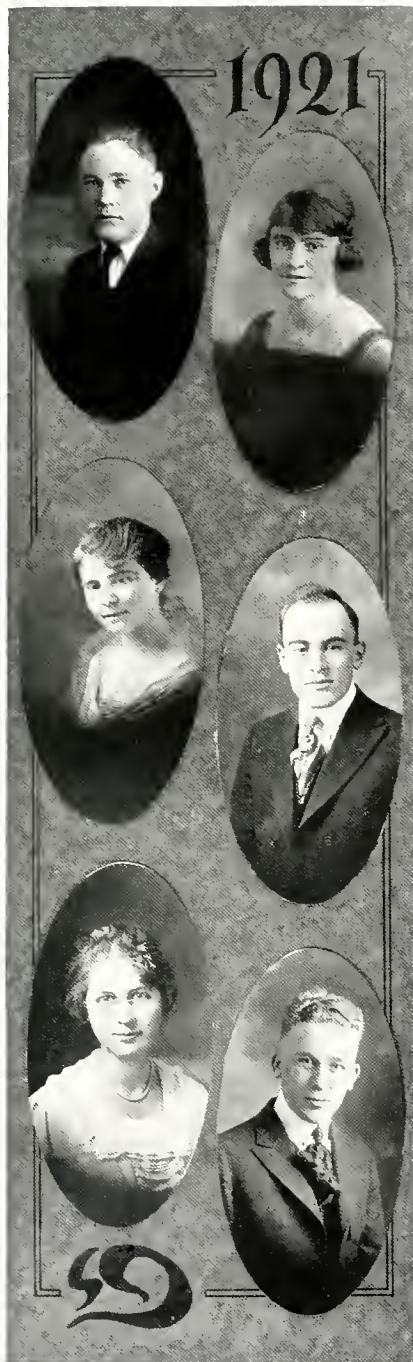

Come, let's be frank and earnest,
Our dashing hero cried—
Nay, only Ernest—you, sire, you—
My love for Frank has died.

CHURCHILL, GEORGE ELMER

He is some mixer!

COMES, LILLIS

She has a canny eye to ferret out im-
perfections and other frivolities.

Associated Juniors

COMPTON, EDWARD L.
Slow but sure.

CORRICH, IDA
I. C.?—Not at all, her fire-eating repertoire includes basketball, fussing and Italian.

COUCH, ETHEL
She shows an appreciation of veterans, and can tame a hero of the Marne.

CUAZ, ERNEST A.
Dr. Zimmerman's protege. Candidate for Yale.

DICKOVER, ISMA
We hear you have vamping down to a system when it comes to Recuperation Camp men—but why confine the operation to soldiers?

DUDLEY, CLAUDE S.
"Old big-hearted Aztec." You can't beat him.

Associated Juniors

ELSTUN, ANNE

"Tisn't everybody that has a lighthouse
at her command.

ENGLAND DOROTHY

Me and King George rule the same
roost!

FIELDS, LELIA

But when it comes to covering the floor
in B. B.—"You'd be surprised!"

FISK, NELLIE

Modesty, thy name is Nellie.

FOUSE, FRED

"Fighting Freddie!" His pep is in in-
verse proportion to his size.

FRIEDRICH, OTTO

Talk to him of the harp of the angels,
and he would ask the number of strings.

Associated Juniors

FRY, FAITH

Joy be ours, we have great Faith in Frys.

GAISKI, MAX

A basketball aspirant and tooter of his own horn in the band.

GATLEY, WILLIAM

Favorite indoor sport—Senior Parties!

GIBBS, MAEEL

It is well that she has made our library her home, for now they can both use the same warning—"Remember that Silence is Golden."

GINSBURG, DAVID

We stand your chapel discord,
Your band is awful, too—
Your jazzing, tho, has been adored;
So Davy, we're for you.

GOOD, IRIS

Her name's a flower, and such her face,
Personification of Beauty and Grace,
Just know her and you will agree with us all.
The season that brought her here was a wonderful Fall.

Associated Juniors

GORSUCH, JOHN

John leads the Junior class like—everything!

GROVE, MARY JANE

She is a girl who weighs heavily, in our opinion.

GOULD, ALBERT JAY, JR.

A little man with big ideas.

GUNKLE, OLGA

Her grin would dim the shining sun,
and warm a polar bear.

GUY, MARGARET

There's a bee in my bonnet,
For while writing this sonnet,
Fair Margaret appeared on the scene—
She fussed all the by's
With her great big brown eyes,
So was chased from the hall by the
Dean.

HARDY, HARRY S.

The Junior Navy—Beating his way
through school (Some drummer).

Associated Juniors

HARTMAN, CARL

He went and did it—God bless him!

HOLZMAN, EVELYN

When it comes to wanting information, or somebody to be the whole committee, just ask Evelyn. She's never been known to refuse, and she's the kind you can depend on.

HOPFER OTTO E.

He came to us from Kansas U.
And brought HIS ideas—yes, a few.

HOWE, ERNEST

"Tell me how"—But never fear, I'll make her fall somehow, anyhow. But how could she help it, when I'm a Howe?

HUMPHREYS, DELLA

Della's like a comet, she speeds so that she is rarely seen. But unlike one of those heavenly bodies, her path goes in many directions, and wherever she goes, her bright halo of Knowledge trails after her as a guide to others.

LIFF, SEWARD

Apollo, take a back seat. W. Seward Liff, Jr., Athlete and fusser-supreme, hath arrived!

Associated Juniors

INGRAM, B. DEWEY

His name ought to be B. Doing, because he does so much rushing around on unnecessary things like last year's Annual.

JACKSON, CLARENCE

And—
In life my aim
Forever—
Vers libre if necessary,
But
Futurism if possible.

KEATING, MARTHA

Our little ray of "bottled" sunshine and a journalist (a) muse.

KELLOGG, FLORENCE

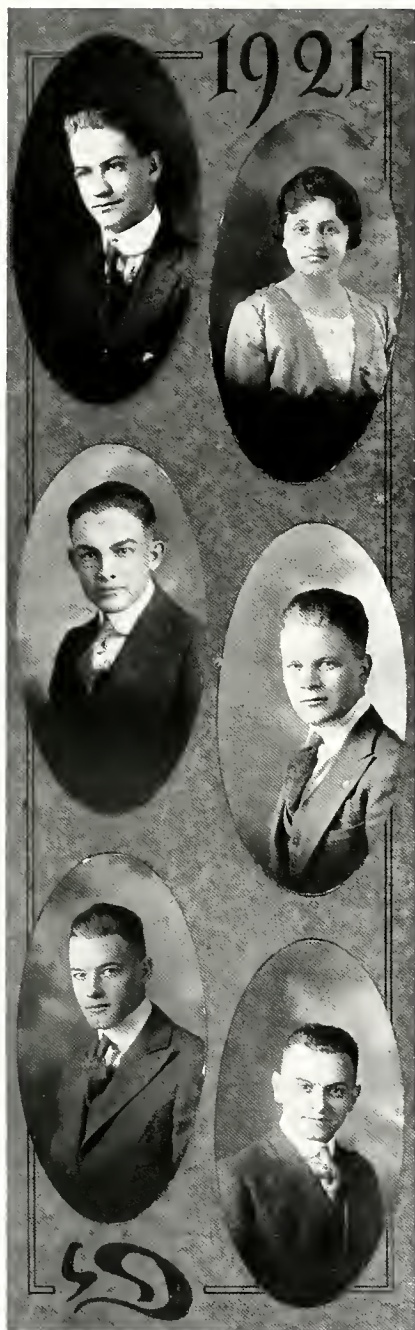

She wears a back-tilted hat, a puzzled expression, and a diamond ring.

KINNEY, DOROTHY

Thy modesty's a candle to thy merit.

KNOWLES, CHARLES

Wim, Wigor, Witality and—Women?

Associated Juniors

KNUDSON, CLARENCE

An inmate of the gas-house, and an authority on acids and "Silly-Kates."

KUMLER, MARY

"It's a long, long way to Philadelphia, but my heart's right there."

LAMBERT, DWIGHT

When I think of talking, it is of course with a woman!

LINDEMAN, RAYMOND

I don't let my studies interfere with my College education.

LINDERHOLM, ELMER

That eyes—them nose—those hair!

LOEFFLER, WILFRED

"So I packa da trunk
And sella da monk
And sail for sunny It."

Associated Juniors

McCAULEY, G. KENT

This son of the Navy is always there in Class athletics.

McELWAIN, WINIFRED

Dear Laura Jean Libby: Can you tell me why I so much prefer fussing to studying? I know it is a mental state most unusual to girls of my age, and I will gladly pay for any remedy. Tearful Twenty.

MAHONEY, ROSE

"My hero! My guide! My light!" quotes Rose. "And who is he, Rose?" "Oh, don't you know? Why, Doctor Duncan!"

MATHERS, MARJORIE

"Yeah," says Hank Hobunk, Mayor of Delta. "Marj, she are the only girl which has won our beauty contest for three years straight at our county fair." You are right, old boy; she's our Delta peach.

MAUZ, ANTONIO

How she does let cheerfulness abide with industry.

MELZER, MARIE

Noted for her "high" times. For particulars see "Our Sun."

Associated Juniors

MEWBORN, DORSEY

Wanted! A wife who can keep my
spectacles polished, with Methodist
feet.

MILLER, FRANCES

What wonder we in homage bring
Our hearts to her—to hear her sing.

MILLER, HELEN

Little dreamed of by the most of us,
Poetic genius doth within her burn.

MITTON, IRMA

Only in coiffures was she effusive.

NICHOLS, DOROTHY

The best seller of the winter—"How
to Be Happy Tho' Married."

PARRISH, DOUGLAS

The real leaders do not always head
the procession.

Associated Juniors

PENDLETON, CLAUD

When this book is read from cover to
cover
And credit is given where credit is due,
He will have departed to the land of—
Well, we'll leave that to you!

PERKINS, GRACE

Our problem—Glasses versus inward
urge, and the cause of her solemnity.

PFERDSTELLER, JEAN

Jean carries with her a deep conviction
that even the walks are bored.

RABINOWITZ, MILTON

Sir Galahad II. His specialty—Succoring
fair damsels in distress, especially
"Bish."

RAICHART, WILLIAM GORAN

The infant of the Class.

RECHT, CHRISTY

With brush in hand, a vision 'fore my
eye—
What care I how the world goes by?

Associated Juniors

REYNOLDS, JESSIE

Since Mark is so much like March,
which comes in like a lion, will it or
Jessie go out like a Lamby?

ROGERS, HAROLD

A big man with a bigger laugh.

RUSH, JOHN

The Spanish athlete, and always Rus-
sian.

SAMPSON, JAY F.

His creed—Study Anatomy, love your
girl and paint the M.

SANDS, ELLEN

A FABLE IN SLANG

Once there was a girl who said she
wouldn't come to the Junior banquet,
when everybody was supposed to cough
up enough kale to buy a ticket. So
they had to have it without her, and it
proved to be the biggest hit ever put
across. When the girl heard this, she
cried for seven days and seven nights,
without eating. Moral: Never miss a
Junior function!

SCHUMACHER, FRED

Every deck and class has it's joker.
Fred is ours. But sometimes too often.

Associated Juniors

SELDON, RICHARD

"Oh sugar! How extremely unsatisfactory,—only 98 in differential calculus! Mama will surely remove me from College."

SHARP, GERTRUDE

Patience is the best remedy for every trouble.

SIPLE, MARTHA

Miss Martha Siple will soon publish a book entitled "Why I Never Fuss," illustrated by Charles Phillips. This masterpiece bids fair to be one of the most entertaining and enlightening books of the year.

SLOCUM, FLORENCE

The way to make friendships that will last, is to be long in making them.

SMITH, GENEVIEVE

Never mind, little Shimmie, don't you cry—
You'll be respectable by and by!

SPENCE, BUEL

Money talks.

Associated Juniors

STEELEY, FRED

He who wanders from my point of view, wanders heedlessly.

SWETT, IDA MAY

To see her at her best, go down to the Italian Mission and see what wonderful work she is doing among the children there.

THAMS, GERTRUDE

"Won't you ride with me, friend Bill,
In my merry Colesmobile?
You can ride as far as you like with me
In my merry Colesmobile."

VAN BURG, JUANITA

Some attain brilliance—but this daughter of '21 just happened to be made that way.

WELLS, DORIS

No laurel wreaths nor wild applause she asks,
Tho' well-performed and legion are her tasks.

WICKSTRUM, ROY

A shark in chem—a whale in math—
and a genius in avoiding the ladies.

Associated Juniors

WEITZEL, ELMER LEWIS

Colorado weather with its vicissitudes
has nothing on me.

WILLIAMS, RUBY

"My latest frock? Oh, I had it de-
signed by Madame de Bunk for the
Junior banquet, my dear."

WITHROW, ALICE

They say there aren't fairies anymore
—but just look at our petite Alice.
She's a mysterious little lady, and
makes us guess just where her h'artful
darts have penetrated.

WOLFE, DANIEL KERSHNER, JR.

He who has no inclination to learn
more, will be very apt to think he
knows enough.

The Season

The football season of 1919 has been a very unusual one in many respects.

The return of many athletes from the government service has added greatly to the interest in and the strength of the several Conference teams.

The season at Denver University opened with over forty candidates for the Varsity in suit, and one very commendable feature of the season was the fact that practically every one of these men stayed with the squad to the final practice of the season. This is a very desirable feature, in that athletics do the most good when they reach the largest per cent of the student body.

Speaking of the student body—at no time in the history of the University has a team, even of championship caliber, had a more loyal and complete support of a student body than that which was given to the team of 1919.

One of the unfortunate occurrences of the season was the loss to the team of Captain McLaughlin. His loss was especially felt because he was one of the few heavy men on the squad and the best handler of the forward pass in the Conference in 1918 when he was selected as All-Conference end.

At a meeting of the letter men of the squad, Bruce Andrews was elected captain for the 1919 season.

While the team did not make a big success from the standpoint of games won, still they won the respect and admiration of every team that they met for their fighting spirit, which was in evidence to the final whistle of every game and also for their clean sportsmanship at all times.

Football

Games

University of Colorado—October 18, 1919

The game with Boulder was a heart-breaker. It was played at Broadway Park, before the largest crowd ever assembled to see a Saturday football game in Denver. The first half ended in a scoreless tie, but after the start of the second half, on two costly fumbles Colorado scored fourteen points, then taking the ball down the field they scored another touchdown on a forward pass. The period ended with Boulder on Denver's three-yard line. At the beginning of the last period Boulder pushed it across. Then the "Fighting Parsons" came back and carried the ball by steady gains down to Boulder's goal line, Gorsuch carrying it across and Lendrum kicking goal. The game ended with the Varsity again carrying the ball down the field. Score, 20-7.

University of Wyoming—October 25, 1919

The men were badly used up in the Colorado game, so the team went to Laramie with five regulars missing from the lineup. The Wyoming team played excellent ball, with Simpson's passing featuring in their playing, and they drew the long end of the 36 to 6 score, Gorsuch carrying the ball over for our lone score in the second period.

Colorado Aggies—November 1, 1919

Our team, which was exceptionally light this year, was outweighed twenty pounds to the man by Aggies, the Conference champions. The game, in spite of the one-sided score, was a good one, the Aggies making all of their scoring by steady progress. The Varsity never weakened—they fought to the last minute. Their only score was made in the third period, when Lendrum kicked a Princeton from the 35-yard line. Score, 33-3.

Colorado Mines—November 8, 1919

After our "friends" at Golden lost their heads and sense of propriety, and attempted to wreck our buildings by promiscuous exploding of dynamite, it was expected that the football game would be a roughneck free-for-all, but much to everybody's surprise Mines played a clean game throughout. The day was cold and the snow about three inches deep. And the game resulted in a scoreless tie.

Colorado College—November 15, 1919

The game which was played at Colorado Springs on a wonderful football day, proved to be a disaster; Geer, Flint, Finesilver, Phillips and Hiff had to be removed from the game on account of injuries.

The heavy C. C. team plowed its way through our light line and scored 39 points, while we were unable to score. Colorado College is champion of Colorado.

Phillips University—November 27, 1919

They grow 'em big down in Oklahoma. The team at Enid averaged over two hundred pounds—our team averaged one hundred and sixty.

The field was a veritable skating pond; it rained, and then froze. One of the rather humorous incidents of the game, as we look back upon it, was the fact that an Oklahoma man was tackled on the 10-yard line and skidded across for a touchdown. We were unable to score, though we drove down to the 5-yard line in the last period just before the whistle blew. Score, 58-0.

Captain Liggett

As Captain Liggett and five other men from the championship team of 1918 returned, the prospects for another championship were good.

The first game, with Mines on our own field, was hard fought but was lost to Mines 3-2. The second game, with Boulder on our home field, was lost to our upstate rivals by a score of 8-4. The next game was at Colorado Springs against Colorado College. In this game C. C. only secured two hits, but made away with the game by the score of 5-4. In the first inning the umpire gave six C. C. men their base for getting hit by pitched balls. At Golden we were again taken in by Mines to the tune of 12-4. In the final game C. C. defeated us on our

home grounds by the score of 5-3. Our game with Colorado at Boulder was cancelled.

A word of praise should be given to the pitching of "Lefty" McKenzie. He pitched air-tight ball during the entire season with the possible exception of the Mines game at Golden. And this brief narrative would not be complete without our expressing our appreciation for the work of Tom Savage, who coached the team for the love of baseball and who had only the most discouraging season as a reward.

Tennis

In the Rocky Mountain Conference Tennis Tournament last spring there were four colleges represented—University of Utah, Colorado College, University of Colorado and the University of Denver. Neil King and Harry Liggett won first and second places in the singles, and Edward King and Crawford McLaughlin won second place in the doubles. Denver, winning five out of six matches, became Conference champion, and Neil King Conference singles champion.

University of Colorado, not being satisfied with this defeat, challenged us to a dual meet this fall. King is in the University of California and McLaughlin is not eligible, having played four years of athletics. We were represented by Harry Liggett, Wilbur Thomas and Carlos Stratton. Again University of Colorado was hopelessly defeated, Denver taking three out of four matches.

Wrestling

The Inter-Collegiate wrestling season closed with D. U. on top—another banner to hang in our hall of fame. Three men (Bauer, Roth and Miller) were given honorable mention, as no one succeeded in defeating either of them. This was the first year of Inter-Collegiate wrestling, and a very successful one for Denver University. It is hoped that next year we can have as good a schedule as we did this.

The results of the season are as follows.

Denver vs. Colorado College

D. U.—5 bouts, 33 points

C. C.—2 bouts, 14 points

Debating Team

This year was one of the most successful in debate which Denver University has had for many years. This was not due to the number of victories, but to the number of debates taken part in and the quality of work which was done. The question for all debates was: "Resolved, That Compulsory Arbitration Should Be Adopted to Settle All Disputes Within Public Utilities." Denver took the negative in all debates except the one against Colorado College.

RESULTS IN BRIEF

- D. U. vs. Colorado Agricultural College—Lost, 2-1.
- D. U. vs. Kansas Wesleyan—3-0 in favor of D. U.
- D. U. vs. Westminster—3-0 in favor of Westminster.
- D. U. vs. Illinois Wesleyan—3-0 in favor of D. U.
- D. U. vs. Northwestern College—2-1 in favor of D. U.
- D. U. vs. Nebraska Wesleyan—3-0 in favor of Nebraska
- D. U. vs. Colorado College—3-0 in favor of D. U.

Chuck's lack of experience was his biggest drawback.

ALBERT RECHT; "D" 1919; High Jump; Captain, 1920.

Entering the World Electrical

THE graduate of today enters a world electrical.

Gathered from the distant waterfalls or generated by the steam turbine, electric power is transmitted to the busiest city or the smallest country place.

Through the co-ordination of inventive genius with engineering and manufacturing resources, the General Electric Company has fostered and developed to a high state of perfection these and numerous other applications.

And so electricity, scarcely older than the graduate of today, appears in a practical, well developed service on every hand.

Recognize its power, study its applications to your life's work, and utilize it to the utmost for the benefit of all mankind.

In Appreciation

THE publication of a Kynewisbok is a pleasure. It is made so because of the splendid co-operation of the student body. To the staff of the 1921 Kynewisbok belongs whatever credit may be due the volume. The editor is willing to assume the blame. Had it not been for the splendid and consistent work of Dorothy Kinney, Fred Fouse, Florence Attwood, Buel Spence and Jessie Carman, members of the class of '21, but not members of the board, this edition of the Kynewisbok would not have been possible. I desire also to thank Barber's Studio and Brock-Haffner Press Company for their splendid work and co-operation.

CLAUD B. PENDLETON,
Editor.

THE people of The Brock-Haffner Press Company embrace this opportunity to express their appreciation to the Annual Board for having favored the company with the engraving, printing and binding of 1921 Kynewisbok. We extend to the class of 1922 a cordial offer of our efficient organization.
